

Sia – Bring night

F **D**

Bring night, bring the night on

Cis **D**

Bring a little bit of dance, bring a little bit of song, yeah

Bring night, bring the night on

I'm not sure I can wait and this day has felt so long, yeah

Bring night, bring the night on

The music cuts into me and I know it can't be wrong, yeah

Bring night, bring the night on

'Cause all that we are after is a little bit of fun, yeah

B **Dm** **C** **F**

Chase your shadow 'til the sun goes down

B **Dm** **C** **F**

Chase your shadow 'til the sun goes down

B **Dm** **C** **F**

Ooh, ooh, whoa, oh, ooh, ooh, whoa, oh

B **Dm** **C** **F**

Ooh, ooh, whoa, oh, ooh, ooh, whoa, oh

Bring night, bring the night on

Bring me the moon and stars and send away the sun, yeah

Bring night, bring the night on

Or maybe if I'm lucky I'll end up in your arms
