C  
Its warm by the river, the wier keeps us clean,  
C(sus4)/F C  
the wood smoke and cigarettes are all that we need.  
Marking the dirt with twigs and simple words spoke,  
C(sus4)/f  
kicking the dirt so that we can just ..  
C  
Dance the dance that plays it with the fire ,  
B(flat) C  
play guitar and he played it inspired.  
B(flat)  
You said you would leave it not ever underneath  
C  
the sky forever....

Then the middle part .. and chorus ...

G Dm B(flat) C G  
When we're so far from home..  
Dm B(flat)  
no means of return ... there's so much that we have taught  
C  
and so much we have learned.  
The last verse is the same ... the lyrics are :-

Its cold by the pane glass on the high street we played,  
Theres always a penny in the music we made.  
So far from home and , no means of return,  
burning the bridges so we'd always..  
Dance the dance that he plays with the fire,  
play guitar and he played it inspired.  
You said you would leave it not aver,  
underneath the sky forever.

Its a really good song .. and not too hard either ..  
bye.... have fun!

It's warm by the river, the weir keeps us clean  
The woodsmoke and cigarettes are all that we need  
Marking the dirt with twigs and simple words spoke  
Kicking the dust so we can just

Dance the dance that plays with fire  
Play guitar and play inspired

You said that you would leave not ever  
Underneath the sky forever

It's cool by the sea when the pavement is hot  
We take a walk sown there to see what we've got  
An old man collecting fifty beautiful words  
Cleaning the beach so he can teach us to

#### CHORUS

It's cold by the pane glass on the high street we played  
But there's always a penny in the music we made  
So far from home with no means of return  
Burning bridges, so we always

#### CHORUS

We're so far from home  
No need to return  
There's so much that we have taught  
And so much that we have learned
